Subject: GKM - Upper Gladstone Pond Liner Area Rough Estimate

Matt

All these are in SF, based on my drawing assuming a 2:1 slope on the outer berms and google earth widths. The 20% addition is to account for any field edits, an accurate measurement will be made when the ponds are fully roughed in.

Pond 1	Pond 2	Pond 3	Pond 4	Total
8700	5300	6400	3500	23900
Total with 20% SF Add				29000

Thanks,
Elliott
